

Thank you to everyone who took the time to respond to the Extended Day Program Interest Survey. Based on your responses indicating strong interest in the program, we have been working to identify ways to meet your after-school care needs while effectively managing staffing and operations costs.

We are pleased to inform you that we will offer the Extended Day Program for our elementary students for the 2023-2024 school year. Registered students in grades K-5 attending Pelham Oaks Elementary and Pelham Ridge Elementary may enroll. The program will be run by Pelham City Schools, and we will not be working with a third party to provide the program.

The board of education will subsidize the program costs to offer our families a rate that is lower than what was proposed in the Extended Day Program Interest Survey, but the rate will be an increase over previous years.

2023-2024 Rates:

- \$245 per month.
- A discount will be offered for families with multiple students. The family discount will be \$245 per month for the first student and \$200 per month for each additional student in the family.

Registration Costs:

- \$50 per student.
- \$75 for families with two or more students.
- Unpaid balances from the current or previous school year(s) must be paid in full to register.

Program Hours:

- The program will begin after school and be open until 6:00 p.m.

Location:

- The program location will be Pelham Oaks Elementary. Transportation will be provided from Pelham Ridge Elementary to Pelham Oaks Elementary for students enrolled in the program.

Registration:

Click the following link to access the EZ Child Track Parent Portal to register your child(ren) for the 2023/24 school year Extended Day Program.
